

## WHAT IS DISC GOLF?

Disc golf is played much like traditional golf. Instead of a ball and clubs, however, players use a flying disc or Frisbee®.

Like traditional golf, the sport shares the object of completing each hole in the fewest strokes (or, in this case, the fewest throws). A golf disc is thrown from the tee area to an elevated metal basket which serves as the "hole".

As a player progresses down the fairway, he or she must make each consecutive throw from the spot where the previous throw has landed. Trees, shrubs and terrain changes in and around the fairways provide challenging obstacles for the golfer.

Finally, the "putt" lands in the basket and the hole is completed.

Disc golf shares the same joys and frustrations of traditional golf, whether it's sinking a long putt or hitting a tree halfway down the fairway.

Disc golf is designed to be enjoyed by players of all ages and skill levels.

# 9 Holes. No Clubs.

## DISC GOLF IS HERE!

The basket chains are just about complete, so it's time to get in some practice hours.

You'll soon need to get your game on for the first Bedico Creek Disc Golf tournament!

Stay tuned....
